CERTIFIED FEDERAL SUPPLIER · VERIFIED VENDOR

WHO WE ARE:

- With over **nine years of experience**, BIRDVIEW SYSTEMS, LLC is an expert in providing security services for physical and cyber spaces. We have a proven track record of providing uninterrupted services during severe weather events that disrupt government functions. Our expertise lies in enhancing data visibility, threat response, and website uptime optimization to boost security posture. Choose us as your security services provider for reliable and effective solutions.

- Our services ensure continuous identification of potential security threats and prompt action to prevent harm to your business.

- We offer complimentary cybersecurity training to government personnel to keep them updated on the latest trends and equip them to handle future concerns. Our effective Continuous Diagnostics & Mitigation (CDM) architecture design has been replicated across multiple government agencies.

- Our programs are customized to meet the unique needs of our clients, with flexible options for short-term and long-term engagements, including annual penetration testing and ongoing virtual CISO services.

- Our services are available 24/7 to help prolong the lifespan of your hardware and software, reducing the need for costly replacements.

- At our company, we prioritize people above profit, fostering a POP (People Over Profit) culture that values our staff, clients, and community above all else.
